Five organizations and individuals were honoured last night by the Tourism Industry Association of Canada (TIAC) as recipients of the 2021 Canadian Tourism Awards, presented by The Toronto Star & WestJet, and hosted by Ottawa Tourism.

The awards were presented in a ceremony at The Westin Ottawa in Ottawa, Ontario.

"The Canadian Tourism Awards highlights the creativity, diversity and originality found in tourism, and we applaud the organizations and individuals whose hard work will inspire new generations to seek a career in tourism and join the businesses large and small that power local economies across Canada," said TIAC President and CEO, Beth Potter.
